

## Blenheim Practice

Buy into this well established 2 independent dentist practice in the heart of Blenheim with excellent revenues and bottom line.

Blenheim is a major NZ wine growing area at the top of the South Island, lauded for its sunshine hours and relaxed lifestyle. Both summer and winter provide great leisure opportunities, while the nearby Marlborough Sounds are a marine paradise. And, just a short plane trip from Wellington.

Alongside the owner, currently there is a long term locum working 2.5 days a week (and keen to do more), a dental therapist 1 day a fortnight, with an excellent support team and all keen to continue.

Good modern equipment, Exact and a great location with a new lease. There is the potential for a second surgery, providing an option to grow the practice.

Call LANZ now to register your interest!

Offers over \$200,000
